EFDN

What is the STEM Network?

- Network of EFDN members and STEM organisations
- Promotion of STEM through the European Football Community
- Creating STEM alliances to drive change and impact across the continent
- Platform for knowledge exchange

EFDN

What have we done so far?

- 1st STEM Network Conference hosted by Chelsea FC and Feyenoord Rotterdam in London
- Partnership with Sphero Sports
- Secured funding for the STEM Football & Education programme

STEM Network - Why?

- Demand for STEM jobs continues to grow exponentially
- Improving the delivery of STEM education programmes through exchange of best practices
- Breeding ground for new ideas and collaborations
- Start a movement across Europe

Ongoing initiatives

- Various initiatives from our members:
 - Legia Foundation and FUT-BOT basics of programming
 - Aston Villa Foundation/Chelsea/Everton in the Community/Feyenoord Foundation - Sphero Sports
 - PSV Foundation and Brainport

Objectives for the Network

- Coming together 4 times per year
- Create new ways of delivering STEM programmes
- STEM alliances in every country that is part of the network
- Members that actively promote STEM in society
- Sharing different perspectives on STEM
